- PHP
- React
- Wordpress Development
- Ecommerce
- Good understanding of SEO concepts

TOOLS I USE

- SASS
- Git
- Gulp
- Webpack
- Babel
- Google Analytics
- Google Tag Manager

PROFESSIONAL EXPERIENCE

INDEZ Ltd. - Front End Web Developer

April 2014 - Present

Ecommerce Web Development Agency, Glasgow

Notable websites include: www.smws.com - Scotch Malt Whisky Society

www.laingsuk.com - Laings of Glasgow

www.indez.com - INDEZ Ltd.

I develop Magento websites for high profile clients in an agile environment. Working with INDEZ has allowed me to be involved in the whole development process from transforming initial design concepts into pages through to launch, and provide ongoing support to sites thereafter. My main responsibilities involve developing themes for new sites, updating existing sites and modules, adding new features to existing sites and bug-fixing. I manage my own workload and am responsible for code releases.
